Hill view Primary School Matanga, in Masaka City, held a mega event where pupils showcased their talents to parents through creative dance, singing and skit performances. The event also included the graduation of Pre Three ambassadors to Primary One.

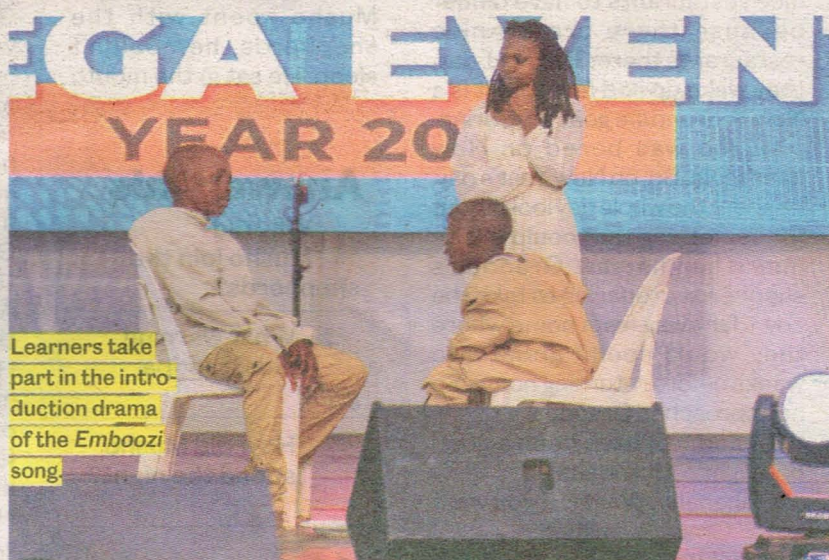

Academic giants who maintained good performance throughout the year were also awarded to inspire them not to decline.

At the function, Ms Harriet Nassiwa, the headteacher, thanked parents for

choosing to be unique by taking their children to Hill view for a great foundation. She urged them to expect the best from the school.

"Pre Three graduation is done to inspire pupils to yearn for the better," she said. She also encouraged parents to monitor pupils' discipline at home during holidays and involve them in activities that make them busy.

The learners had the best of the day since they took part in almost all of the activities of the day, which ensured unity. The ceremony ended with cake cutting to mark the milestone of graduands transitioning to primary level.

Learners take part in the introduction drama of the Emboozzi song.
