During the closure of third term in December last year, Kids Care Primary School held a Speech Day during which pupils entertained their parents.

During the event, pupils performed folk songs, traditional

dances, poems, speeches, *kadongo kamu* songs and others.

At the same event, Top Class pupils had their graduation and cut a cake while a new classroom block was also commissioned.

Mr Amos Lugoloobi, the State minister for Planning and Ntenjeru North MP, who was chief guest urged

parents to invest in their children's education.

He said when given education, children can contribute to the development of the area.

Mr Phillip Wakwale, the head teacher, said the school strives to promote children's talents besides excelling in academics.

Pupils perform a *Kisoga* dance.

These two thrilled the audience with their miming abilities.
